CF-126

Automatic Elastic Cutting Machine(With Binding)
自动切橡筋带机(带捆绑装置)

Automatic rubber band cutting machine is a new type of cutting machine with crawler transmission, which can meet the high accuracy requirements of customers. The integrated PLC control interface is easy to operate,It is applicable to the cutting of rubber band, textile band, elastic band and other materials, with a cutting length of 10 to 9999 cm. The machine adopts automatic material receiving device, which makes the product easier to bindFinishing, with its high speed and high precision, is the necessary special equipment for the current cutting belt process.

全自动自动切橡筋带机是采用履带式传送的新型切割机，能满足客户较高的精度要求。集成PLC控制介面操作简易，其适用于橡筋带、纺织带、松紧带等材料的切割，可切割长度为10至9999厘米。该机采用全自动收料装置，使产品更易于包扎整理，其高速度，高精度的性能，是当前切割带工序必备的专用设备。

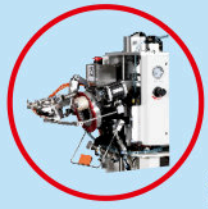

独特的履带式送料
Unique crawler type feeding structure

自动收料装置
Automatic receiving device

Self-binding function requirements:
1. The minimum length is 30cm
2. Maximum number of floors
(Take rubber band as an example, 25 pieces in a bundle)

自捆绑功能要求：
1.最短30cm
2.最多层数
（以橡筋带为例25条一捆）

Option:
Binding Device

型号 Model	CF-126
电源 Power Supply	1PH/380V/50Hz
总功率 Total Power (Kw)	1.8
单切切割长度 Single Cutting Length (mm)	100-9999
收料切割长度 Recelving Cutting Length (mm)	300-9999
单切切割宽度 Single Cutting Width (mm)	≤70
收料切割宽度 Receiving Cutting Width (mm)	10-60
收料总厚度 Thickness in Receiving (mm)	≤50
压缩空气压力 Compressed Air Pressure (kgf/cm^2)	2-5
耗压缩空气量 Compressed Air Comsumption (L/min)	50
产能效率 Production Capacity （Per Hour)	
机身尺寸 【长*宽*高】 Machine Size 【L*W*H】 (mm)	
装箱尺寸 【长*宽*高】 Packing Size 【L*W*H】 (mm)	
毛重 Gross Weight (KG)	
净重 Net Weight (KG)
