Automatic Elastic Joining Machine
自动接橡筋机

This machine is mainly suitable for sewing various strip materials, suitable for various fabrics such as ribbed belts and woven fabrics.
The machine adopts PLC visual interface operation, which automatically completes cuttingSewing work has replaced multiple manual processes. Equipped with various user-friendly functions such as automatic shutdown, no belt shutdown, and counting. Single person can operate multiple machines, with high economic benefits,Thoroughly solving the employment difficulties of enterprises.

本机主要适用于各种带状物的缝合，适用于各种面料，如像筋带、编织面料。机器采用PLC可视介面操作，全自动完成裁剪、
缝合工作，代替了多道人工工序。设自断线停机、无带停机、计数等多种人性化功能。单人可操作多台机，经济效益高，
彻底解决企业用工困难的居面。

12-15条/分钟
12-15Pcs/Min

白橡筋
Wrapped Elastic

7-10条/分钟
